\$300 PER CAMP. SEE TIMES BELOW FOR SCHEDULE. LearnThink Media offers an extensive 30 hour summer camp program that teaches youth the basics of script to screen and everything inbetween. They'll have an indepth review of story development, learn scriptwriting software so they each write their own screenplay, and learn what it takes to shoot their own film in the confines of their quarantine space with family support. Even further, we've put together a post-production course that'll teach them the basics of editing with access to Adobe Premiere Pro for the duration of the camp. All films will be premiered at our 2nd Annual Youth Vision Film Festival once we are able to get back to "business as usual." Additionally, films in Water Texas Films Camp will be submitted to Water, Texas Film Contest for a chance to win cash prizes for directors ages 18 and under. We'd like to submit films created in our "Open Genre Short Film" camps pending approval from Austin Film Festival and SXSW.
